HEREBY STATE

in order to be awarded a scholarship, that I:

- have not benefited from any other doctoral scholarships, even partially;

and that I have understood:

- the criteria for Doctoral scholarship allocation (as described in the Call for Applications);

- that I cannot benefit from any other scholarship during my doctorate, except for those granted by national or foreign institutions to cover for study periods abroad integrating my research activity;

- that the scholarship can be combined with any work activity, either in employment or self-employment, providing that my annual income from work is not higher than €15,000 before tax and after social security contributions (the applicable tax year is 2024 for the A.Y. 2023/2024). In the event that my income exceeds the mentioned limit, as from 2025 I must notify dottorati@amm.units.it that I have exceeded such limit by 31 May and, in the last year, no later than the final examination date. In such an event, the scholarship will be suspended and withdrawn, and I will have to pay back the relevant scholarship instalments. If I am awarded a PNRR scholarship, I will also lose my right to the doctoral position;

- that I cannot hold any research fellowship, according to Law 449/97 and ff. (art. 22 Law 240/10), or any other incompatible income;

- that, failing to meet the above conditions, I shall promptly inform the Doctoral Office in order to allow for the interruption of the scholarship;

- that allocation of the scholarship shall be interrupted in the event that I withdraw or I am excluded from the Doctorate, as established by the Doctoral Board. In this event, I shall send the self-certification of the income limit;

- that the scholarship will no longer be granted in the event of suspension of studies and that attendance must be recovered according the Doctoral Board decision. In this event, I shall send the self-certification of the income limit;

- that I am aware that I can later renounce my scholarship without losing my PhD student status;

- that scholarships do not entitle holders to any legal or financial career advancement;

- that I have to carry out the required periods of study and research - where mandatory (see description of the relevant research project) and that failure to comply with the required period will result in the scholarship withdrawal;
- that scholarships are increased by 50% only in the event that the period of stay abroad is uninterrupted and not shorter than sixty days;
- that I must inform the Doctoral Office of any changes in my national security insurance position in Italy.
