## MAIN THEMES ARE RELATED TO T4EU THEMES

**Knowledge** entrepreneurship

**Environmental** transformation

**Digital** transformation

**Societal** transformation

## VARIOUS STREAMS OFFERED

- **Student stream** for Bachelor & Master students of different disciplines | Building on top of the bachelor tracks offer. Courses will revolve around all 4 main themes. Students will be able to attend live and hybrid classes, pre-/after- online offer of all courses will be required.
- **PhD stream** for doctoral students of different disciplines | Seminars and presentations of PhD topics of students of all T4EU universities related to the main themes, alongside more in-depth lectures and networking opportunities.
- **Administrative stream** | Meetings of virtual offices, official bodies and additional skill building of administrative and managerial staff of T4EU. Anyone attempting to meet (including the student council or T4ERI MB) are welcome to contact the organisers and set the details.
- **Research stream** | Networking opportunities for all researchers participating at the event and cross-sectoral skill building
- **Recreational, cultural & social stream** | Rich programme of extra curricular offer for many different tastes, including sport & recreation, debates, book club meetings, excursions or simply beach life - offered in collaboration with students
